Company Profile

Welcome Note

Nothing in life is as important as giving hope to another and allowing them to have an opportunity at a better and more fruitful life. At Desire Luzinda Foundation, this is all we are about.

We live by the mantra of empowerment, mindset transformation and championing individual life change.

Through the years, we have witnessed what the hand of compassion can do in touching not just an individual but the entire society.

We welcome you to walk this journey with us, as we systematically make the world a better place for this generation and the generations to come.

Our Outreach Programs

We are a patronage NGO to Uplift Children's Centre in Lungujja a suburb in Kampala Uganda and support them with basic needs, household items, prayer, counselling and so much more.

We support people in community that have been hit by calamities for example accidents by either offering some medical or any other support.

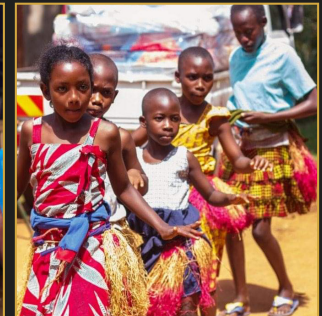

We also offer help to those in need for example by providing basic needs, household items, share meals with them and also offer medical support

where necessary.

DLF also is involved with helping and supporting people with disabilities for example cerebral palsy and so, much more.

Menstrual health care and support for the girl child is also of great importance to DLF and we are involved in different projects and partnerships to make menstrual health care available and easily accessible for every girl child.

We also offer prayers, counselling and share the word of God with the people as part of our outreach.

OUR SUCCESS STORIES

On 22 December 2019, we managed to donate beddings and food supplies to Uplift Children's center Lunguja as we commemorated and celebrated the Christmas season with them.

DLF assisted Dr. Peter Kamugasa a resident of Seeta Mukono who was involved in a motor accident on 16 August 2016 that broke both his legs.

On 20 August 2020, we were represented by Mr. Brian Morel who visited him on our behalf and handed over the DLF contribution towards his

hip reconstruction surgery that took place a few days after.

We have visited, prayed and supported a 3-year-old girl called Zarinah who lives with her grandmother in Buddo and she suffers with a motor difficulty in movement, balance, posture and rigid side of the limbs.

As Desire Luzinda Foundation, we believe to bring transformation and hope to the communities and the world at large all to the Glory of God.

our Launch

On 5th June 2021, we had our Launch at Serena Kampala Hotel.

The Guest of Honour was our Board Chairman Apostle Grace Lubega.

Among other dignitaries were
